

Out late for holiday festivities?

Remember to use the Vector LiveSafe SafeWalk feature to virtually accompany friends and family to their destinations, whether they're walking or driving.

Stressed Out?

The end of the year can bring a lot of stress: quarter closes, the end of the fiscal year, deliverable deadlines, and holiday and vacation travel.

Use the Vector LiveSafe app if you or someone you know needs help with coping with end-of-year stress.

Everything will be okay.

Theft is higher than usual during the holiday season

Take extra precautions and be aware of your surroundings. Lock your doors and secure your valuables and other belongings. Report suspicious activity and thefts to Security via the Vector LiveSafe app.

Happy Holidays

From your partners in safety!
